

Performance in online by Performance in online colored by Device type used to attend classes

Device type used to attend classes

- Desktop
- Laptop
- Mobile

Details

Performance in online is unusually high when Device type used to attend classes is Laptop.

Performance in online is unusually high when Performance in online is 8.

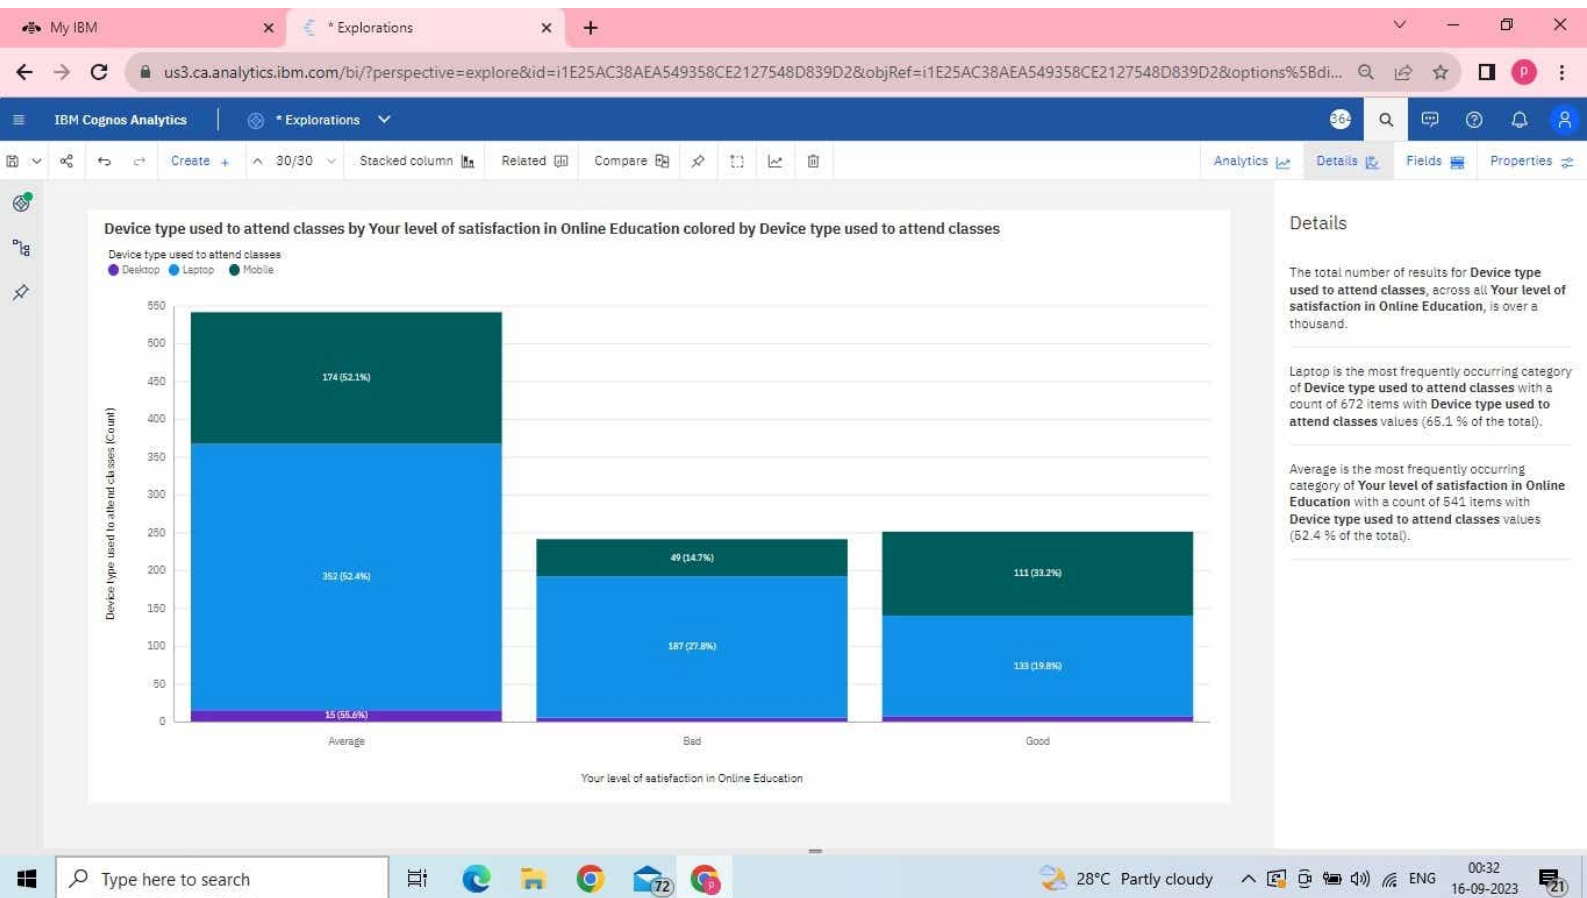

Over all values of Performance in online and Device type used to attend classes, the sum of Performance in online is 107.

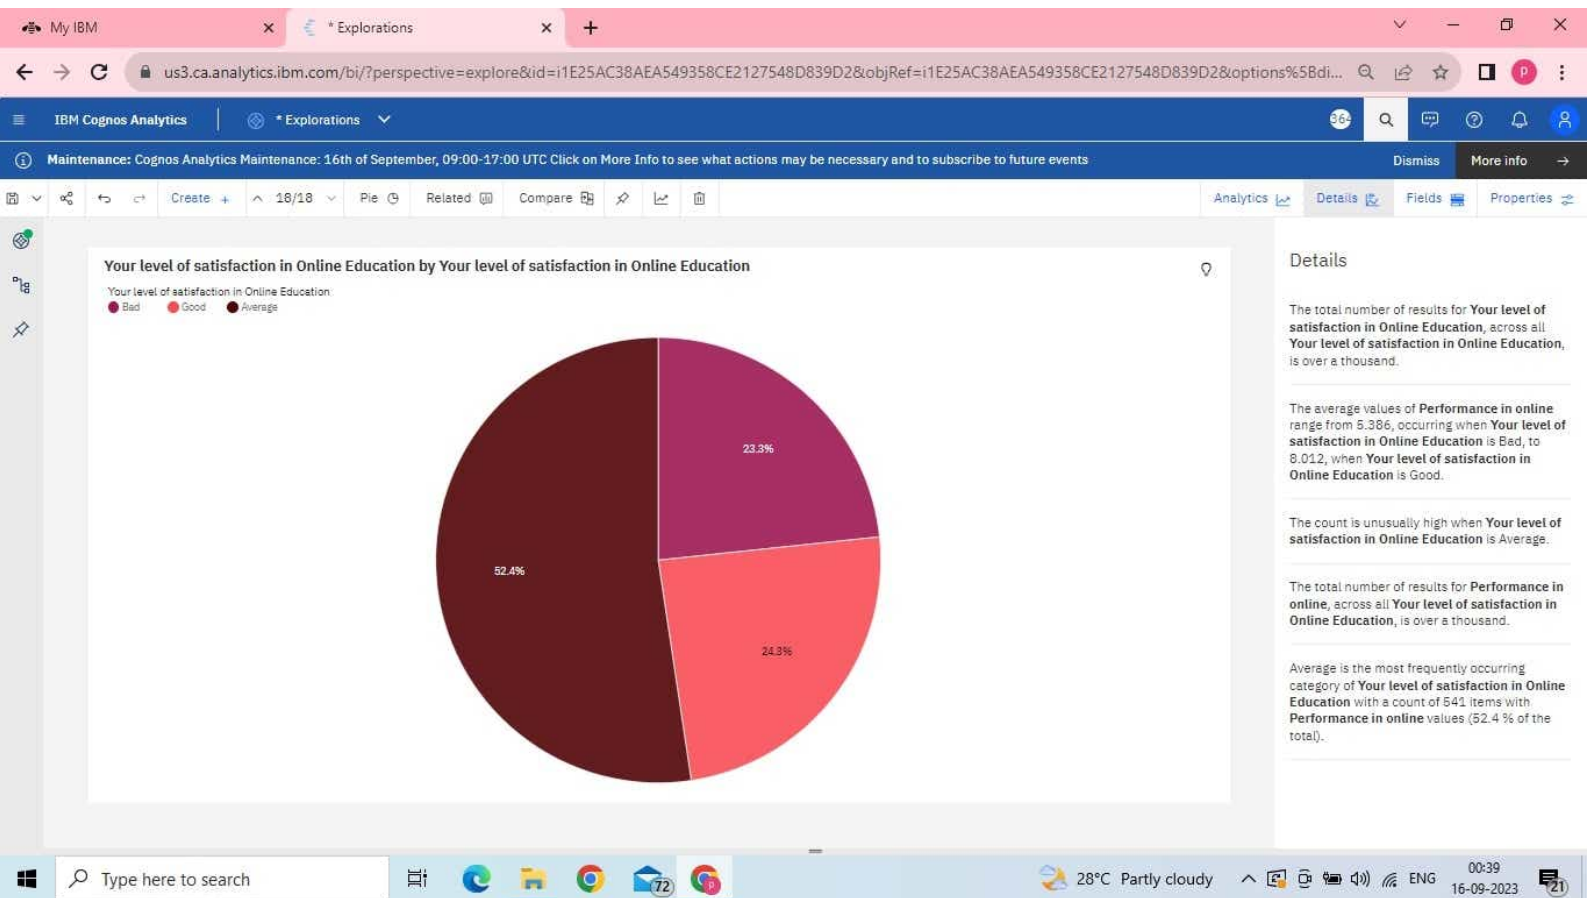

The summed values of Performance in online range from 0 to 8.

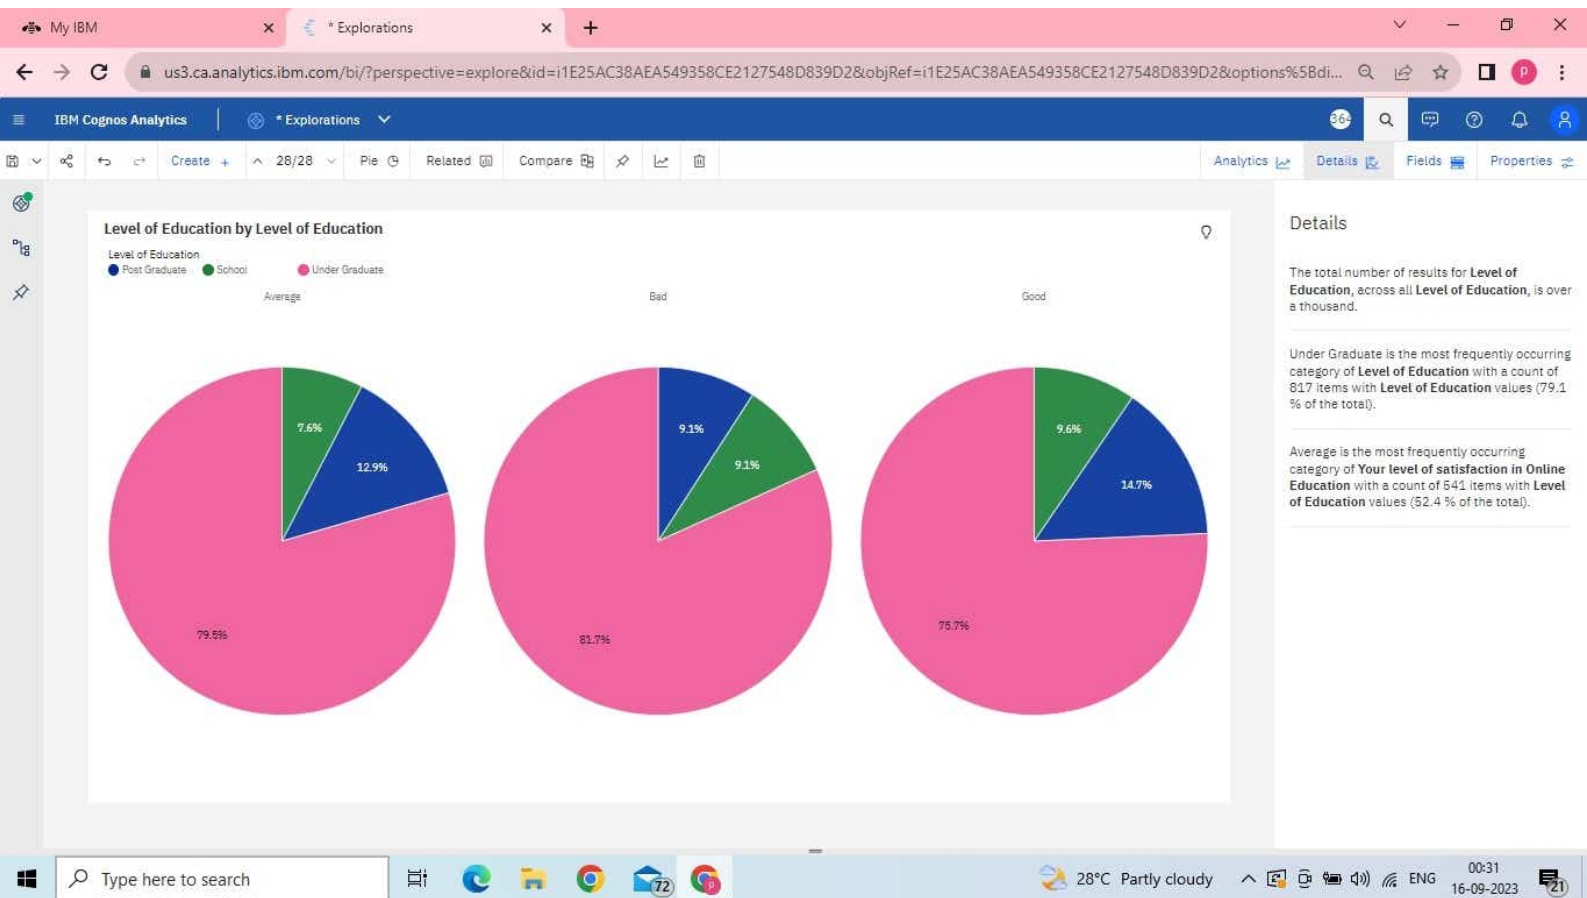

Performance in online is unusually high when the combinations of Performance in online and Device type used to attend classes are 8 and Laptop, 6 and Laptop and 7 and Laptop.

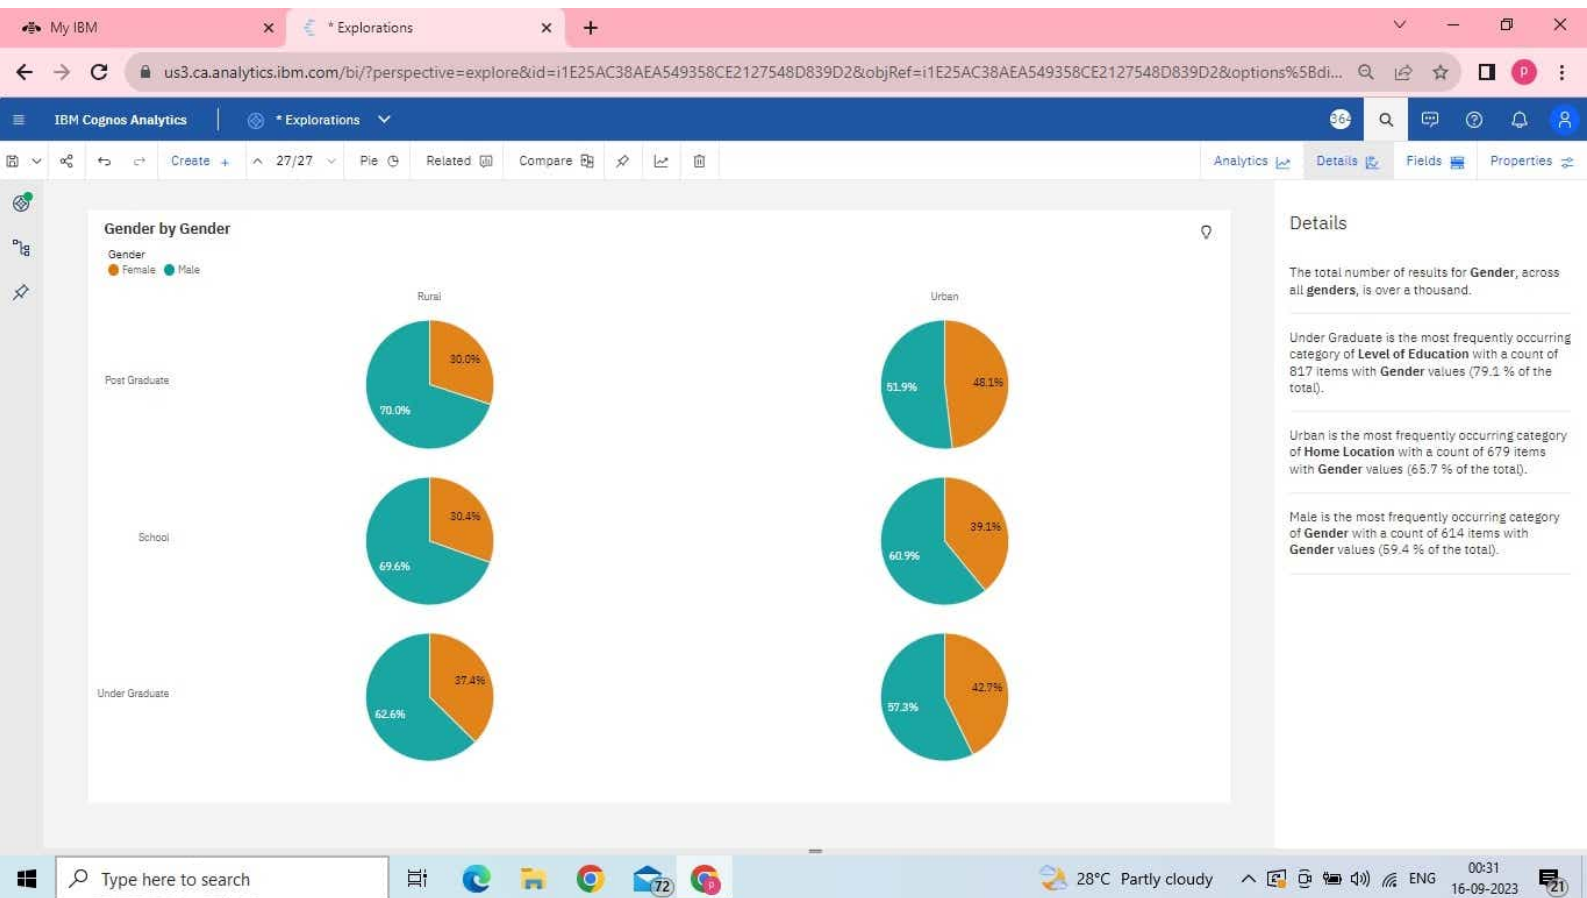

For Performance in online, the most significant value of Device type used to attend classes is Laptop, whose respective Performance in online values add up to nearly 4500, or 64.3 % of the total.

For Performance in online, the most significant values of Performance in online

Details

Across all values of **Time spent on social media (Hours)**, the sum of **Time spent on social media (Hours)** is over 2500.

Time spent on social media (Hours) is unusually high when **Time spent on social media (Hours)** is 2.

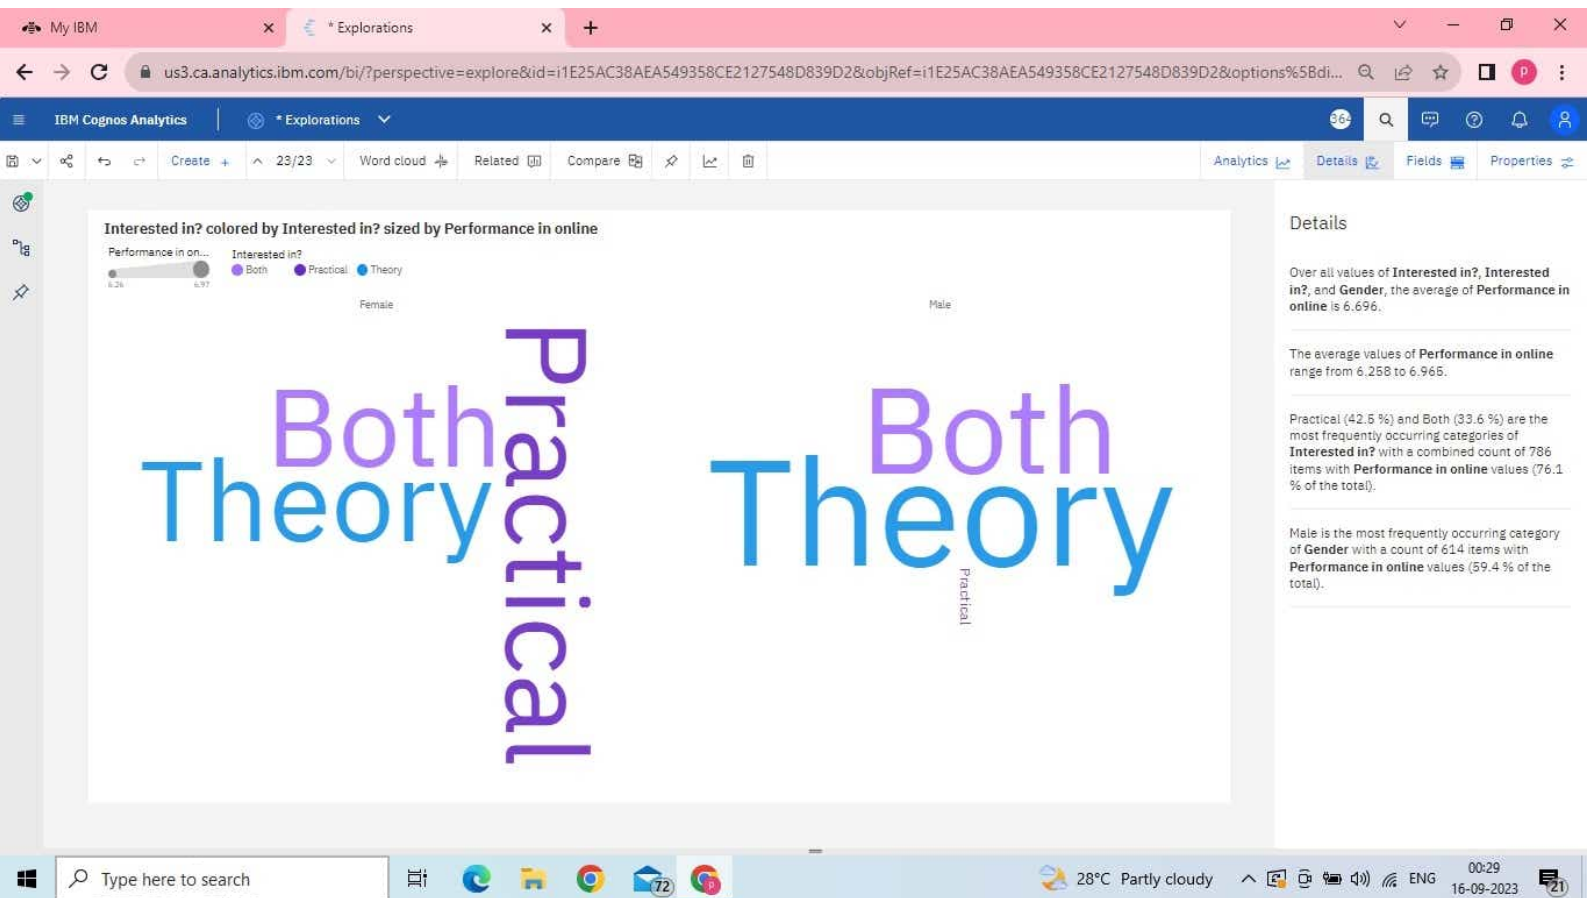

The summed values of **Time spent on social media (Hours)** range from 0 to 9.

The average values of **Performance in online** range from 4 to 10.

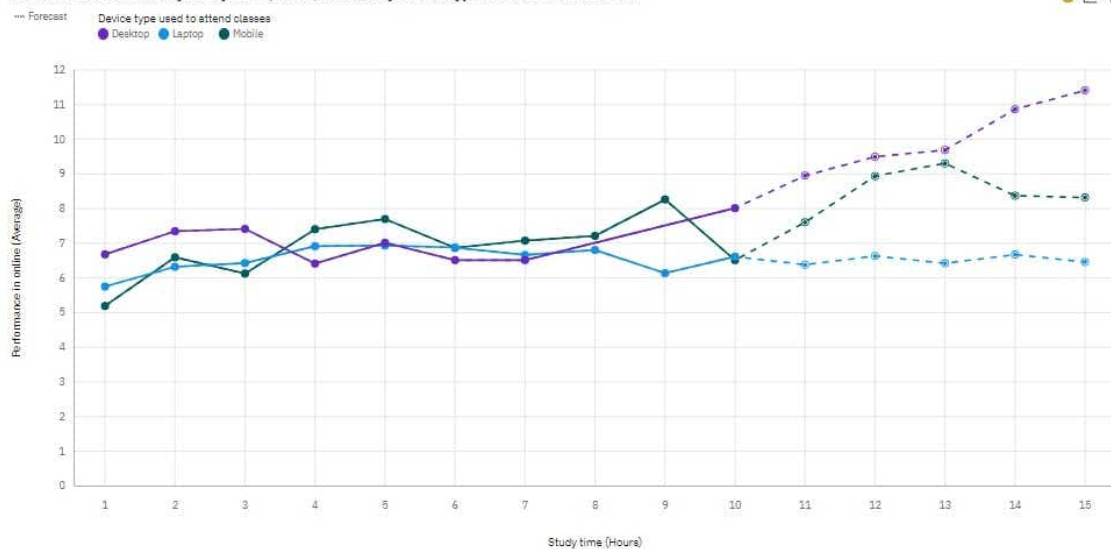

Over all values of **Time spent on social media (Hours)**, the average of **Performance in online** is 6.696.

Performance in online is unusually low when **Time spent on social media (Hours)** is 10.

Male is the most frequently occurring category of **Gender** with a count of 614 items with **Performance in online** values (59.4 % of the total).

Performance in online by Study time (Hours) colored by Device type used to attend classes

Details

Over all values of **Study time (Hours)** and **Device type used to attend classes**, the average of **Performance in online** is 6.696.

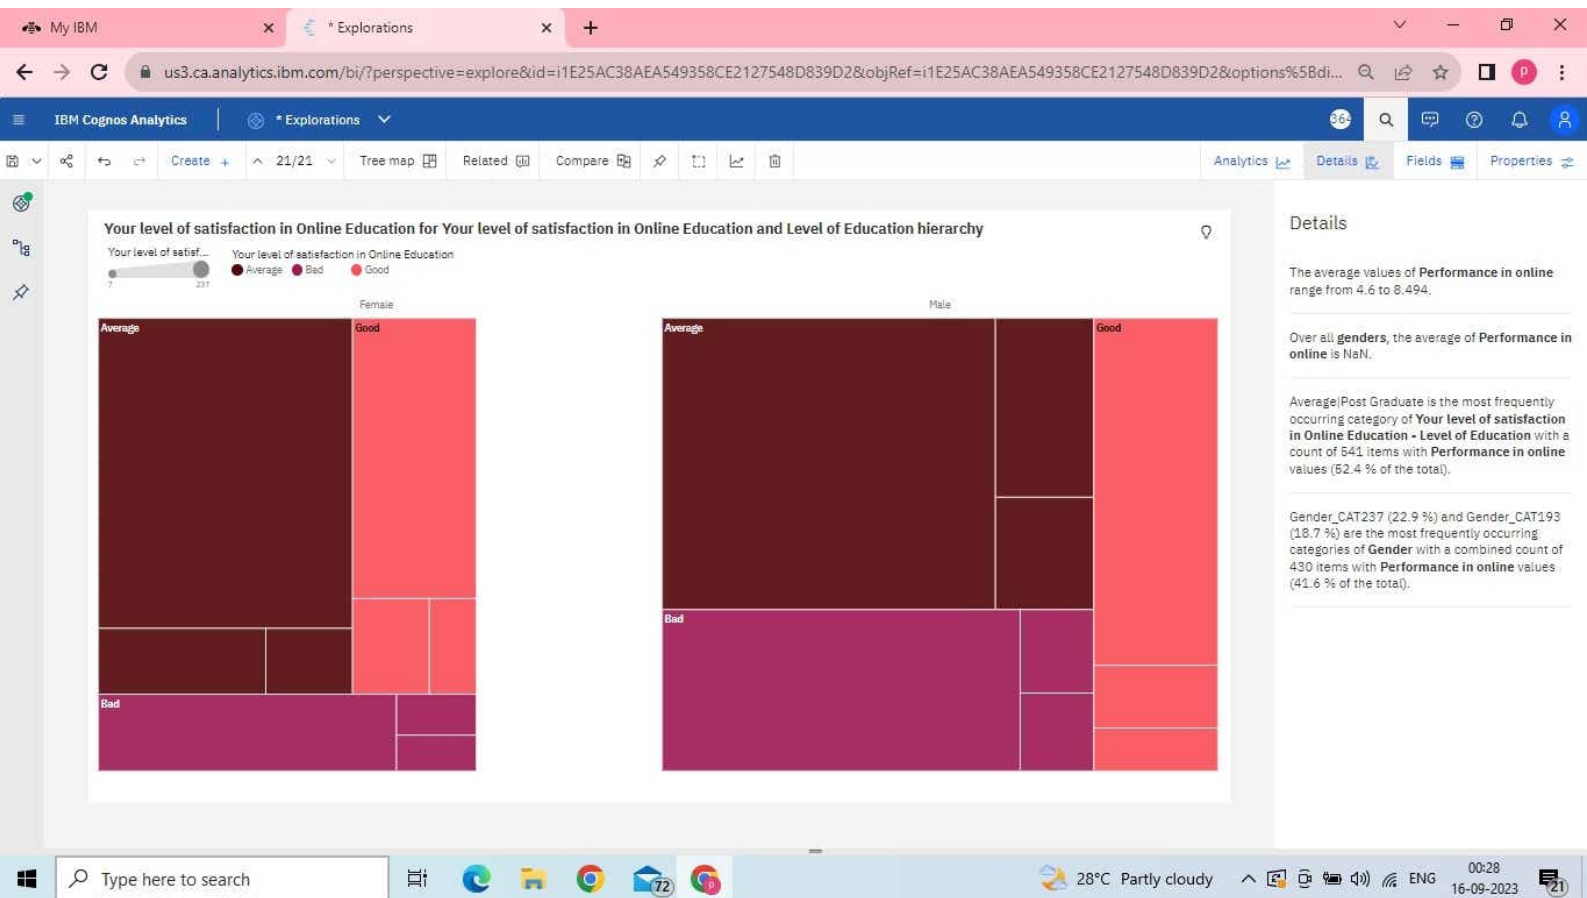

The average values of **Performance in online** range from 5.179 to 8.25.

Performance in online is most unusual when the combinations of **Study time (Hours)** and **Device type used to attend classes** are 1 and Mobile, 5 and Mobile and 1 and Laptop.

Performance in online is most unusual when **Study time (Hours)** is 1 and 5.

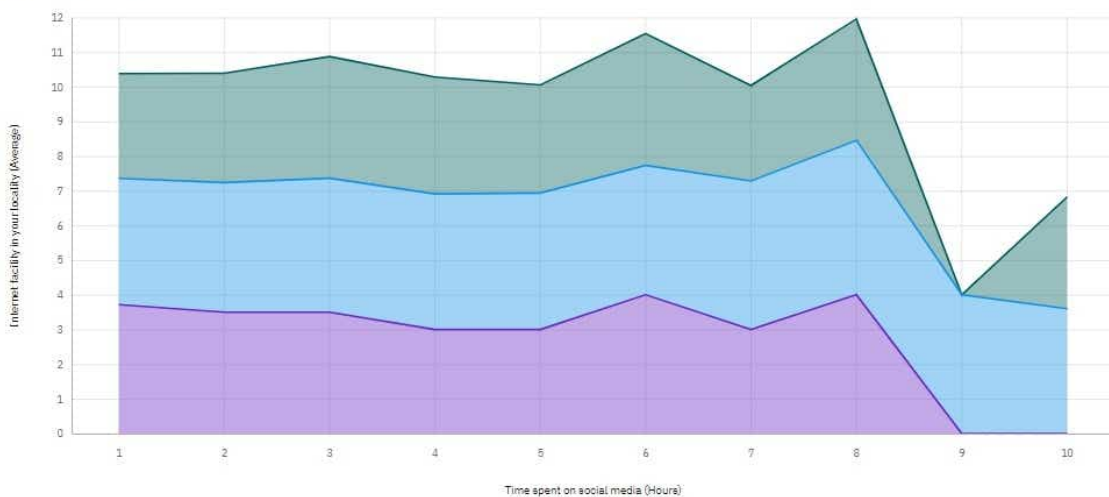

Laptop is the most frequently occurring category of **Device type used to attend classes** with a count of 672 items with **Performance in online** values (65.1 % of the total).

4 is the most frequently occurring category of **Study time (Hours)** with a count of 213 items with **Performance in online** values (20.6 % of the total).
